Q1.1 What should the vendor do if the PASP for a specified residential property has not proceeded further and the vendor wishes to offer to sell the specified residential property again?

A1.1 According to section 59(2)(c) of the Ordinance, if the purchaser has not entered into an agreement for sale and purchase with the owner in respect of the specified residential property within 5 working days after the date on which the PASP is entered into, the vendor must, on the 6th working day after that date, indicate that fact in the Register of Transactions for the development in relation to the residential property. If the information that the PASP for a specified residential property has not proceeded further has been recorded in the Register of Transactions, and the price list and sales arrangements applicable to the residential property concerned have remain unchanged and have been made

available, there is no need for the vendor to wait for 3 days before he can offer to sell the residential property concerned again.
